**NOTES:**

- (1) Although specific yacht class racing days are shown, the size of Manor Park means that other model yachts and scale models are always welcome, on all days. Use of fast scale boats is not precluded, but it is accepted that scale and fast will not interfere with racing heats.
- (2) Race arrangements agreed on day, with no more than **FOUR heats** with suitable breaks.  
(Victorias and DF65s may have different heats, depending on numbers attending on day, but DF95s are not allowed to join either DF65 or Victoria heats.)
- (3) For the Victoria and DF95 class races, the best ten results will count towards the trophy.
- (4) Dates shown in **red** are Bank Holiday Mondays with possible fewer people at lakeside.
